Objective of the Letter of Intent

At a future date to be determined, I commit to enter into a business relationship with Sponsor ("You") to become an Independent Brand Partner ("Brand Partner") in the organization You will be establishing with Nerium International Pty. Ltd. in Australia ("Company"). I recognize that the intent of this letter is related solely to my relationship with You, and that this letter in no way establishes any relationship with the Company directly.

Understandings of this letter

1. I understand that You are preparing to join the Company's network marketing program ("Program"), but the Company's compensation plan, Brand Partner Agreement, and the Policies and Procedures that govern the relationship between the Company and Brand Partner have not been established. I also understand that there are many operational components of the Program that still need be determined before the Program may be launched in full.
2. I wish to commit to having You be my upline sponsor when the official launch of the Program takes place.
3. I understand that during this stage of pre-launch, no products will be sold or available, no commissions or bonuses will be paid, and no monies will be collected. I will not collect any monies, credit card numbers or other forms of compensation from any potential client, prospective customer or another potential downline under any circumstances.
4. I understand that because the Program is not complete, there is no guarantee that the downline genealogy reflects my desires or intentions.
5. I waive any and all claims against the Company for any loss or damages arising from or in connection with the placement of the Brand Partners downline within the structure I establish. I also waive all claims for any errors or inability of the Company to place me as the sponsor of another Independent Brand Partner that may be indicated in the request and agreement of another in pre-launch stage.
6. Once the Program launches, I understand that I may be required to sign an Independent Brand Partner Agreement, Policies and Procedures, and compensation plan. I understand that I may be required

to submit an application and agreement for Independent Brand Partners within five days from the date of the official launching of the Program (weekends and holidays are included in determining the deadline of five days). Any false or fraudulent registration or information submitted by anyone will result in the refusal of the application. I understand that there is no guarantee that my application for the Program will be accepted.

7. I understand that once the network organization is established that You can place me anywhere in your organization that You deem the most beneficial for the organization as a whole.

8. I understand that I am not an employee of the Company for tax purposes or any other reason.

9. I understand the Company is not a party to this Letter of Intent.
